Hi Cathy:

Some time ago I discussed with you the idea of bringing in some reps from a few companies to chat with you about the success of the Great Lakes Legacy Act (GLLA) in getting industry partners to contribute to the clean-up of Areas of Concern and how these companies have become big advocates for the GLLA.

Would you have an hour or so on January 8th or 9th to meet with Honeywell and U.S. Steel and discuss their success stories?

Thank you.
